

Road Report June 11, 2010

Recycled asphalt was applied to eight tenths of a mile on Miller Fork Road. Sections covered were the one/half mile from the junction with Bulwark Ridge and the entrance at Dunraven Glade past the switchbacks.

The volunteers who helped during the three days were: Francis Cunningham, Ron Spurlin, Mike Frederick, Danny Perugini, John Nolan, Dennis Bicknell and Rich Gilmore.

All of the volunteers deserve a hearty thank you. They worked long and hard in the heat and rain, and they did so in good humor.

Dick
